

MUSIC

Music education at Rockville High School is an integral part of the entire educational process. The program provides for student development both through and in music. The multifaceted program concentrates on the enhancement of cultural and aesthetic values. Participation in the program provides students with a deeper appreciation of the fine arts through the beauty and expression of music.

MUSIC COURSE DESCRIPTIONS

MUSIC THEORY (6520)

Fall Semester Credit 0.50 Weight 1.02

Prerequisites: This course is open to students in Grades 9, 10, 11, and 12 with prior musical experience.

Description: Music Theory examines the various parts, or elements, of music - melody, harmony, rhythm and timbre, texture, form, and the ways in which these individual elements combine and interact to create a piece of music. This course is an introductory course in the fundamentals of music which involves learning major and minor scales, key signatures, intervals, and triads. It also includes the study of time signatures, various rhythms, and note values through rhythmic and melodic dictations. This course is a prerequisite for those students wishing to take Harmony.
